

APICS Certified in Logistics Transportation & Distribution (CLTD)

Overview

The APICS Certified in Logistics Transportation and Distribution (CLTD) is a globally respected programme that was created to meet the growing needs of the highly complex logistics sector and sets the standard for best practice in logistics, transportation, and distribution.

The CLTD provides an in-depth understanding of the entire supply chain, covering logistics strategy and planning, order and warehouse management, transportation fundamentals and global logistics, risk management and sustainability logistics.

The CLTD has 8 modules. Candidates will sit a 4-hour exam covering all eight modules.

Each module will:

- Revisit basic principles
- Expose candidates to cutting edge thinking and industry developments and trends
- Understand the impact of the logistics within the supply chain.

Target Audience

- Experienced managers, who wish to gain a comprehensive understanding of the logistics function.
- Logistics, Distribution, Warehouse, Inventory Managers
