

## APICS Certified in Transformation for Supply Chain (CTSC)

### Overview

The **APICS Certified in Transformation for Supply Chain (CTSC)** certification will equip you with the knowledge and skills to effectively manage and execute supply chain transformation efforts and implement strategies to improve day-to-day operations.

The CTSC leverages components of ASCM's globally recognized standards, including SCOR DS, Enterprise Standards for Sustainability, and the Digital Capabilities Model to:

- Develop, deploy and manage a successful supply chain transformation.
- Identify risks and opportunities, and select the appropriate philosophies frameworks, models, and approaches to effect transformation.
- Apply systems thinking to develop, analyse, verify, and validate concept alternatives for transformation.

# TARGET AUDIENCE

Supply chain professionals currently assisting, supporting, initiating or executing a supply chain transformation within their organization process.
